Dear Dr. Nesbeth:

On behalf of the President and the Board of Directors of the association, I wish to thank you for your letter of December 15, enclosing your cheque in the amount of \$1,000.00 as your personal contribution to the building fund.

This generous contribution is greatly appreciated, and is an indication of your wholehearted support of the aims and objectives of the association.

I also thank you for the kind sentiments that you have expressed in your letter. I am sure that these sentiments will be an encouragement to our President and the Board to push forward with the renovations so that the building will be renovated and reopened as soon as possible in the new year, and that the planned improvements to the services we provide to the community can commence.

It is our hope that the bank's approval of our construction loan will energise our fundraising efforts, and I can assure you that our President will be leading a proactive and concerted effort to fulfill our agreement in regards to the repayment of the loan.

The Treasurer has been requested to send you an income tax receipt in the amount of your contribution, and I am sure you will be receiving this shortly.

Thanks again, and I reciprocate your wish for a happy and enjoyable holiday season to you and yours.

Yours sincerely,

HECTOR A. GRAY,  
Executive Secretary.
